1 INTRODUCTION

This guidance explains the structure of the required inbound file and the check procedures that follow. For more information, see [General description for electronic filing of information returns \(pdf\)](#) (*tax.fi > About us > IT developers > Data format specifications > General description for electronic filing of information returns*).

2 DESCRIPTION OF THE INFORMATION FLOW AND SUBMITTAL OF FILES

More detailed guidance for completing the form is available on the Tax Administration's [Forms](#) page (*tax.fi > About us > Contact us > Forms*).

To check the method of identification required by this information flow, the required role and the place in the flow where the authorisation is checked, go to Ilmoitin.fi – [Methods of sign-in, Roles, rights to represent organizations](#) (*ilmoitin.fi > Instructions and templates > Methods of sign-in, Roles, rights to represent organizations > Income Tax Return > Name*).

3 MAKING CORRECTIONS

If you have submitted an income tax return electronically and notice some mistakes in it later, to remedy the errors, you must re-send (the main form) Form 6 with all the enclosures that contain corrections. In other words, you must send us the main form again although it does not have anything to correct.

4 PERIOD OF VALIDITY

This specification sets out the requirements of file formatting that become available on 25 January 2022 in Ilmoitin.fi in the live environment. They continue to be in force until a new version of this specification is released.

5 COMBINED INFORMATION FLOWS
