ORGANISATIONS' TAX MATTERS IN 2022:

TAX MATTERS INTEGRATED INTO AUTOMATED FINANCIAL ADMINISTRATION

A service provider takes care of the organisation's taxation matters through interfaces. The organisation can focus on its business operations.

A SERVICE PROVIDER TAKES CARE OF THE ORGANISATION'S TAXATION MATTERS THROUGH INTERFACES – THE ORGANISATION CAN FOCUS ON ITS BUSINESS OPERATIONS

- Oy Company Ab has made an agreement with Oy Accounting Firm Ab, which provides financial administration services.
- A representative of Oy Company Ab authorises Oy Accounting Firm Ab to takes care of the company's tax matters. Oy Accounting Firm Ab is the primary point of contact between the company and the Tax Administration.
- Oy Company Ab focuses on its growing business operations. Financial administration data are collected automatically in Oy Accounting Firm Ab's system, which automatically creates the required tax and other information returns and forwards them to Tax Administration through interfaces.
- Oy Accounting Firm Ab reports on the development of business financials and takes care of the tax returns and changes to prepayments.
- At any time, Oy Company Ab can check that the tax matters have been taken care of and request tax debt certificates and other such certificates needed to support sales.
- If the entrepreneur has paid wages or other earned income, their payroll system will deliver the data to the Incomes Register.
