

ASSESSMENT CONCERNING SAMPO OYJ STOCK DIVIDEND INCOME (CORPORATE ENTITIES)

INSTRUCTIONS:

If the full amount of tax at source was not withheld from your dividend income from Sampo Oyj in 2019 due to absence of sufficient cash dividend, you have to report the income for tax assessment.

The following information has to be submitted: number of Sampo Oyj shares you owned on the record date (9 August 2019), the amount of the cash dividend (including cash payment for fractions of Nordea Bank Abp shares) and the number of Nordea Bank Abp shares you received. You also have to report tax at source you have already paid.

The report has to be dated and signed by a person authorized to sign on behalf of the corporate entity. The Finnish Tax Administration will make an assessment concerning the amount of tax you owe based on Finnish law and applicable tax convention. You may submit the necessary information using this form or in other form. If the tax you owe is less than 10 euros, you do not have to report the income. Corporate entities must provide the requested information within 4 months from the end of the accounting period. You may provide the required information earlier.

Check the applicable tax rates at, see: www.tax.fi > Detailed guidance > Guidance > Tax rates on dividends and other payments from Finland to non-residents 2019.
