

How to grant an Authorization

This feature is available to holders of Katso IDs with Admin or Master User privileges. Several recipients can be granted an Authorization simultaneously.

The screenshot shows the Katso Management Interface. At the top right, there are language selection buttons for 'Suomeksi', 'På svenska', and 'English'. A prominent blue button labeled 'Sign in' with a right-pointing arrow and the text '(Manage details and authorizations)' is visible. Below this, four main management categories are presented in blue boxes with icons: 'Set up Katso ID' (eye icon), 'Passwords and locked IDs' (lock icon), 'Upgrade a Sub-ID' (pencil icon), and 'Transfer Master User privileges to self' (star icon). Each category includes a brief description and a link for 'Users outside Finland'. The main content area is divided into two columns: 'Katso identifiers and the Katso service website' on the left and 'Instructions' on the right. The 'Instructions' section contains a list of links such as 'How to get a Katso ID', 'Authorise somebody else in Katso', 'Activate a User ID initialized in Ytj.fi', 'Katso Roles (pdf)', 'Corporate users: Instruction summary', 'Representing an Estate or Consortium: Instruction summary', 'Instructions for Agents: Instruction summary', 'Users outside Finland: Instruction summary', and 'IT developers: Instruction summary'. Below these are two more links: 'Activate a User ID initialized in Ytj.fi >' and 'Tax offices with Katso registration facilities'. At the bottom, there are three sections: 'Electronic filing services' (listing various government agencies), 'Some statistics' (providing data on Katso service usage as of February 2019 and 2017), and 'News releases' (listing recent updates like 'Changes in Katso guidance' and 'Katso sign-in through Suomi.fi starting 19 September 2017'). The footer contains the copyright notice '© Population Register Centre' and a link to the 'Privacy statement'.

New Authorization - Authorizer (1/7)

[To Simple Mode](#)

You are about to grant an Authorization. This means that you are about to give another person the right to represent you or your company. Authorizations can be given to another Organization, to a holder of Katso ID in your own Organization or in another Organization, or to a Katso Sub-ID.

An Authorization comprises one or several Roles. Not all roles can be granted to Katso Sub-IDs. To grant an Authorization consists of six different stages:

1. This page, where you select the name of Organization granting the Authorization.
2. Select relevant Roles to be included in the Authorization.
3. Select period of validity.
4. Select the type of authorizee: to an Organization, to a holder of a Katso ID, or to a Katso Sub-ID, or to several types.
5. Type or select name of authorizee
6. Please go over the summary to check that everything is correct. Then grant the Authorization.
7. You will get a confirmation of the approval.

Authorizations usually have definite periods of validity. If you leave the next field empty, the Authorization will be valid indefinitely without any closing date.
