1 OVERVIEW

This document describes the contents of a record subscription delivered to the Incomes Register, which is used to subscribe to the 'Earnings payment reports – several payers' record with two different data access profiles. Two secondary subscriptions with the 'Earnings payment reports – several payers' record type are linked to the main subscription. The secondary subscriptions have different data access profiles.

The earnings payment reports submitted by two payers (latest versions of the reports), delivered to the Incomes Register after 00:00, 1 January 2020, and with payment dates in February 2020, are selected for the records. Earnings payment reports with the profile PROFIIILI_1 are selected for the first record and those with the profile PROFIIILI_2 for the second record.

The record subscription is a one-off subscription, for which the data is selected at 20:00 on 7 March 2020.
